Who We Are

I'm Randy Nobiensky, the owner of RH Builders, and my journey into the world of construction began long before I ever picked up a hammer. Growing up, I was always outdoors, gathering discarded items and transforming them into something unique. My creative and curious mind led me to explore various trades during my high school summers, working alongside drywall crews, tile and flooring companies, and eventually running a residential framing company. Each experience deepened my appreciation for the craftsmanship that goes into building a home.

It was during my time in finish carpentry that I realized my true calling: to become a builder. I wanted to bring together all the talented tradespeople and suppliers I had encountered and create exceptional custom homes that reflected the unique needs and dreams of the families I built for. This passion for quality and craftsmanship is what drives me every day at RH Builders.

In over 20 years, I've had the privilege of completing many custom home projects and renovations in Southern Colorado, each one a testament to our commitment to quality, integrity, and communication.

We pride ourselves on our meticulous quality performance checklists, daily project management on-site, and weekly meetings with clients to ensure transparency and collaboration throughout the building process. Our clients, like the Hendrix family at 5217 La Randa, have praised our attention to detail and professionalism, while others, like the Harshman's at 1518 Savannah, appreciated the clarity of our contracts and financial transparency.

When I'm not building homes, I cherish time with my Family and our two grandchildren. I enjoy taking the boat out fishing, golfing, woodworking, and capturing the beauty of architecture through photography.

At RH Builders, we believe that building a home is not just about bricks and mortar; it's about creating a space where memories are made. I invite you to reach out and discover how we can turn your vision into reality, because at the end of the day, it's about building relationships as much as it is about building homes. How can I help you today?

Our Values

We recognize that every project holds unique value. We foster a respectful environment where diverse ideas are valued, and we treat each project and client with the upmost care and attention

Open and transparent communication is at the heart of our approach. We believe that clear, timely, and proactive communication builds trust and ensures successful project outcomes.

We operate with fiscal responsibility, providing transparent and competitive pricing while managing project costs effectively to deliver value for our clients.

We foster a collaborative environment where our employees, partners and clients work together seamlessly towards shared goals.

TEAMWORK

We operate with unwavering honesty and ethical principles. Our commitment to integrity extends to every aspect of our business, from our client relationships to our project execution.

We are committed to delivering superior craftsmanship and construction that meets and exceeds industry standards and client expectations. Every project is approached with a dedication to precision, durability and lasting value.

We embrace and encourage new ideas and approaches to design, technology, and construction methods. We're constantly seeking ways to improve efficiency, reduce waste and deliver superior results.

Our Process

1 DISCOVERY CALL

We begin with a discovery call to understand your vision, needs, and timeline. This initial conversation allows us to assess how we can best serve you and ensures we are aligned from the outset.

2 INITIAL MEETING

During our first in-person meeting, we will discuss your project in detail. This is an opportunity for you to share your ideas, preferences, and any existing plans. We will also explain our process and answer any questions you may have, ensuring we are on the same page moving forward.

3 CONCEPT DESIGN

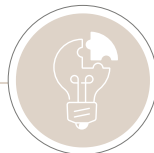

Once we have a clear understanding of your vision, we will collaborate on a concept design. This phase includes providing an initial estimate based on your requirements, giving you a realistic view of the potential investment needed for your custom home.

4 PROJECT PROPOSAL

Following the concept design, we will present a comprehensive project proposal. This document outlines the scope of work, timelines, and detailed cost estimates. We prioritize transparency, ensuring you have all the information needed to make informed decisions.

5 CONTRACT SIGNING

Upon your approval of the project proposal, we will formalize our agreement through a contract. This step solidifies our commitment to delivering your dream home and includes all necessary details regarding timelines, costs, and responsibilities.

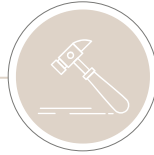

6 CONSTRUCTION PREPERATION

Before construction begins, we will conduct a thorough review of the project plan and schedule. Our project manager will be assigned to oversee the build, ensuring that all preparations are in place for a smooth construction process.

Our Process

7. CONSTRUCTION PHASE

With everything in place, we will commence construction. Our project manager will be on-site daily, and we will hold weekly job site meetings to keep you informed of progress and address any questions or changes that may arise

8. QUALITY CONTROL

Throughout the construction phase, we maintain rigorous quality control through our performance checklists. Regular communication is key; you will receive updates and have access to our project management software, allowing you to monitor progress in real-time.

9. COMPLETION & HANDOVER

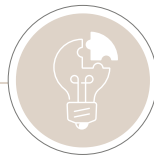

Once construction is complete, we will conduct a final walkthrough with you to ensure everything meets your expectations. We will handle all compliance requirements and provide you with the necessary documentation, including warranties, before you move into your new home

10. 6 MONTH FOLLOW UP

At the six-month milestone after you've taken possession of your new home, RH Builders will return to conduct our comprehensive six-month checkup. This thorough assessment includes an extensive checklist to ensure your home is functioning at its best. We will examine the operation of doors and windows, make any necessary threshold adjustments, and more.

11. 11 MONTH FOLLOW UP

As the expiration of our 12-month builder's warranty approaches, we conduct a site visit at the 11-month mark. This allows us to perform a comprehensive assessment of the home, implement any necessary adjustments, and address any questions you may have.

12. COMMITMENT

At RH Builders, our commitment to quality craftsmanship and personalized service ensures that your building experience is as enjoyable and stress-free as possible. We look forward to bringing your vision to life

O u r G u a r a n t e e

TRUST

We pride ourselves on having strong and harmonious client relationships. Our ability to gain and maintain trust is the reason 95% of our work comes from previous client referrals. But don't just take word for it, read our client testimonials and see for yourself.

QUALITY ASSURANCE

We guarantee your home will be built with the highest standard and quality. We use our comprehensive quality control checklists at each phase of the build, so you are assured of excellent craftsmanship, every time!

PROJECT MANAGEMENT

We will work with you in the beginning phases to achieve your dream home within your desired budget. We guarantee an accurate pricing for the construction of your home, which will detail the costs involved and explain where your money is going. Any variations during the build must be approved by you first.

TRANSPARENT COMMUNICATION

We guarantee clear and consistent communication, as you are updated throughout the entire build process. Expect weekly reports and site videos for real-time project updates.

Our Capabilities

With over 20 years of experience, RH Builders specializes in high end residential projects. From boutique renovations to large scale builds, we've earned a reputation for excellence. Our dedication ensures your vision becomes reality, exceeding expectations and enhancing your home's value and appeal.

CUSTOM BUILD

We are truly custom builders, which means every single one of our homes is one-of-a-kind. So when you work with us you get the benefit of working with a team who knows how to accomplish every aspect of your home, no matter how unique. From first meetings to permitting to scheduling, we we'll be in constant communication on every aspect of the project, so you stay up to date and in the know about your project from start to finish

RENOVATION

Whether you're looking to build a new home or updating your existing home, we can help you accomplish your goals. We've helped countless homeowners with their renovation projects and we will bring that experience to the table when you work with us. If you need help with the design and layout of your remodel, or you need a builder who can implement your plans we will help you every step of the way

DESIGN

You have a vision for your home. We want to help you get that vision out of your head onto paper and into reality whether you're already working with an architect or you're starting from a blank page we can design and draw your new home plans based on what you're looking for and what's important to you we will meet with you to discuss ideas and features and we'll use those discussions to craft a design that meets your needs from the ground up

Our focus is on delivering projects of the highest quality.

Memberships & Certifications

RH Builders is a leader in the industry, backed by relevant certifications and memberships. We proudly belong to respected industry associations.

Testimonials

“Randy and his crew have built 2 houses for me, and they have exceeded my expectations. They're intuitive and they're for your every question and needs during the process. The integrity is some of the best in the business. At the end of the day, you not only come out with a beautiful home but a friend. If you're looking for a builder, RH builders is where you stop looking. Thanks for everything!”

- Dustin Shoffner

“We are so thrilled with our experience with RH builders on the build of our new home. From start to finish Randal listened to our vision and helped us make it a reality. He was always professional, courteous and extremely pleasant to deal with. His knowledge, attention to detail and quality of work is outstanding. Our home was finished on time, within budget and the final product exceeded all our expectations. We would highly recommend RH Builders to anyone looking to build a new home, you will be 100% satisfied with your decision!”

-Nathan & Rocio Hendrix
